

**TWO RESIDENCY POSITIONS IN VETERINARY
ANAESTHESIA AND ANALGESIA**

University of Zurich - Vetsuisse Faculty

Start dates: 1 November or 1 December 2025, and 1 March 2026

The Section of Anaesthesiology at the Vetsuisse Faculty, University of Zurich (Switzerland), is offering two residency positions in veterinary anaesthesia and analgesia. These are **standard, ECVAA-approved residency programs**, designed to prepare candidates for board eligibility with the European College of Veterinary Anaesthesia and Analgesia.

Why join us?

We are located in the beautiful and safe country of Switzerland, offering:

- ✓ A rich, structured clinical training program
- ✓ A high caseload of diverse and complex cases (including interventional cardiology, a variety of neurology and surgery cases, including advanced oncological procedures)
- ✓ Exposure to both small and large animal anaesthesia on one campus
- ✓ Obligatory cross-rotations within the same hospital if desired
- ✓ Access to advanced monitoring and anaesthesia equipment
- ✓ A supportive, international, and collaborative team
- ✓ A competitive salary

Our team:

- 11 ECVAA Diplomates
- 4 Anaesthesia Clinicians
- 7 Residents
- 3 Doctoral Students
- 5 Anaesthesia Technicians
- 1 Recovery Nurse
- You also benefit from specialists across all major clinical and non-clinical disciplines including a fully staffed, cutting-edge ICU built to international standards

Application requirements:

- Letter of intent
- Curriculum vitae
- Official transcripts
- Two letters of reference

Deadline for applications: End of August 2025

Interviews: September 2025

See your future work place at: www.tierspital.uzh.ch

Who should apply?

We're looking for motivated veterinarians who:

- Have completed a 1-year rotating internship or at least 2 years of relevant practice experience
- Have strong communication skills and a team-oriented mindset
- Speak German or are willing to learn it
